## **State Senator Dawn Buckingham Statement on the Revised Certification Revenue Estimate**

As a staunch fiscal conservative, I have frequently stressed my commitment to fiscal responsibility and my intention to put government spending on a diet. With a national economy that continues to be led by the strong economic situation in Texas, I am pleased that the balance of our state's available revenue has been revised upwards, and that our state's Rainy Day Fund is now projected to have the largest ending balance in the fund's history. This update is a reflection of fiscal discipline exercised during the last legislative session, and I look forward to continuing to hold the line on spending in the 2019 session.
